

HEADLINERS

Foyle

Details of our newsroom based in Northern Ireland's second city.

Our Foyle newsroom is based within the historic city walls in Londonderry/Derry.

We have two full-time members of staff who run the newsroom, outreach work and volunteer programme for the city and surrounding area.

We work with about 35 members from all communities in the city; as well as working with other young people through our outreach programmes.

Currently Headliners Foyle produce two publications under two funders.

'**My Generation**' is a newsletter supported by the Peace III Intergenerational Programme and features work produced with a large number of young people throughout the Northwest during bureau and outreach work.

These young people work with older generations and through interviews and other media processes produce newsletters, photography projects and radio podcasts.

Click on the red link below to view 'My Generation' newsletter.

Headliners Foyle also produce '**Choices**', a newsletter funded by International Fund for Ireland's Sharing in Education Programme. This publication reflects upon work done in Protestant and Catholic schools on shared spaces, peace and reconciliation.

Click the red Choices link below to view this publication.

In the past our members produced a quarterly magazine called '**Off The Walls**'.

We then produced a Quarterly Newsletter called '**Different Voices**'.

These are packed full of news, features and reviews written by young people to inspire and inform young people.
