

## Women's Battle For Empowerment

**Janagha Aboozari, 18 denounces the way women are being treated in Afghanistan where violence takes the place of justice.**

The reason for making this video is that, as a young Afghani man, I feel sad about the way women are treated in my country – even though I'm not responsible. I have made this to denounce the way women are being treated in Afghanistan where violence takes the place of justice.

This has been my first experience making a film and I had a lot of fun producing it. Choosing the right pictures to illustrate the documentary was a real challenge and recording the voiceover took a while to get right.
